Bernie,

You are about the truest friend I have ever had. It seems as if I always learn something from you. It amazes me when you have a problem, you just sit down and you wont do nothing until you have solved this problem. In a way you are like me, we are both very emotional. What Im trying to say is that I respect you more than any other guy in school. Well that's enough of that talk. Lets get down to the remember when's and the can you wait's. Remember when we campedout at the lake and me and you just walked in to those people's camp staggering like a couple of wino's. Remember that famous card game when I decked Hardbeck. Boy was I drunk. Always remember our great football team. It sure was fun going to state. I respected you alot because you were giving 100% in every game. Without you the team wouldn't of been the same. Too bad me and you didnt play linebackers side by side like we used to plan. well Bern I wish you luck in life. you are going to make it big in life, I know you will because you are just that type that will succeed. well good-bye, good luck, and God bless you. a really true freind,

Dedication

Dear Brother Thomas,

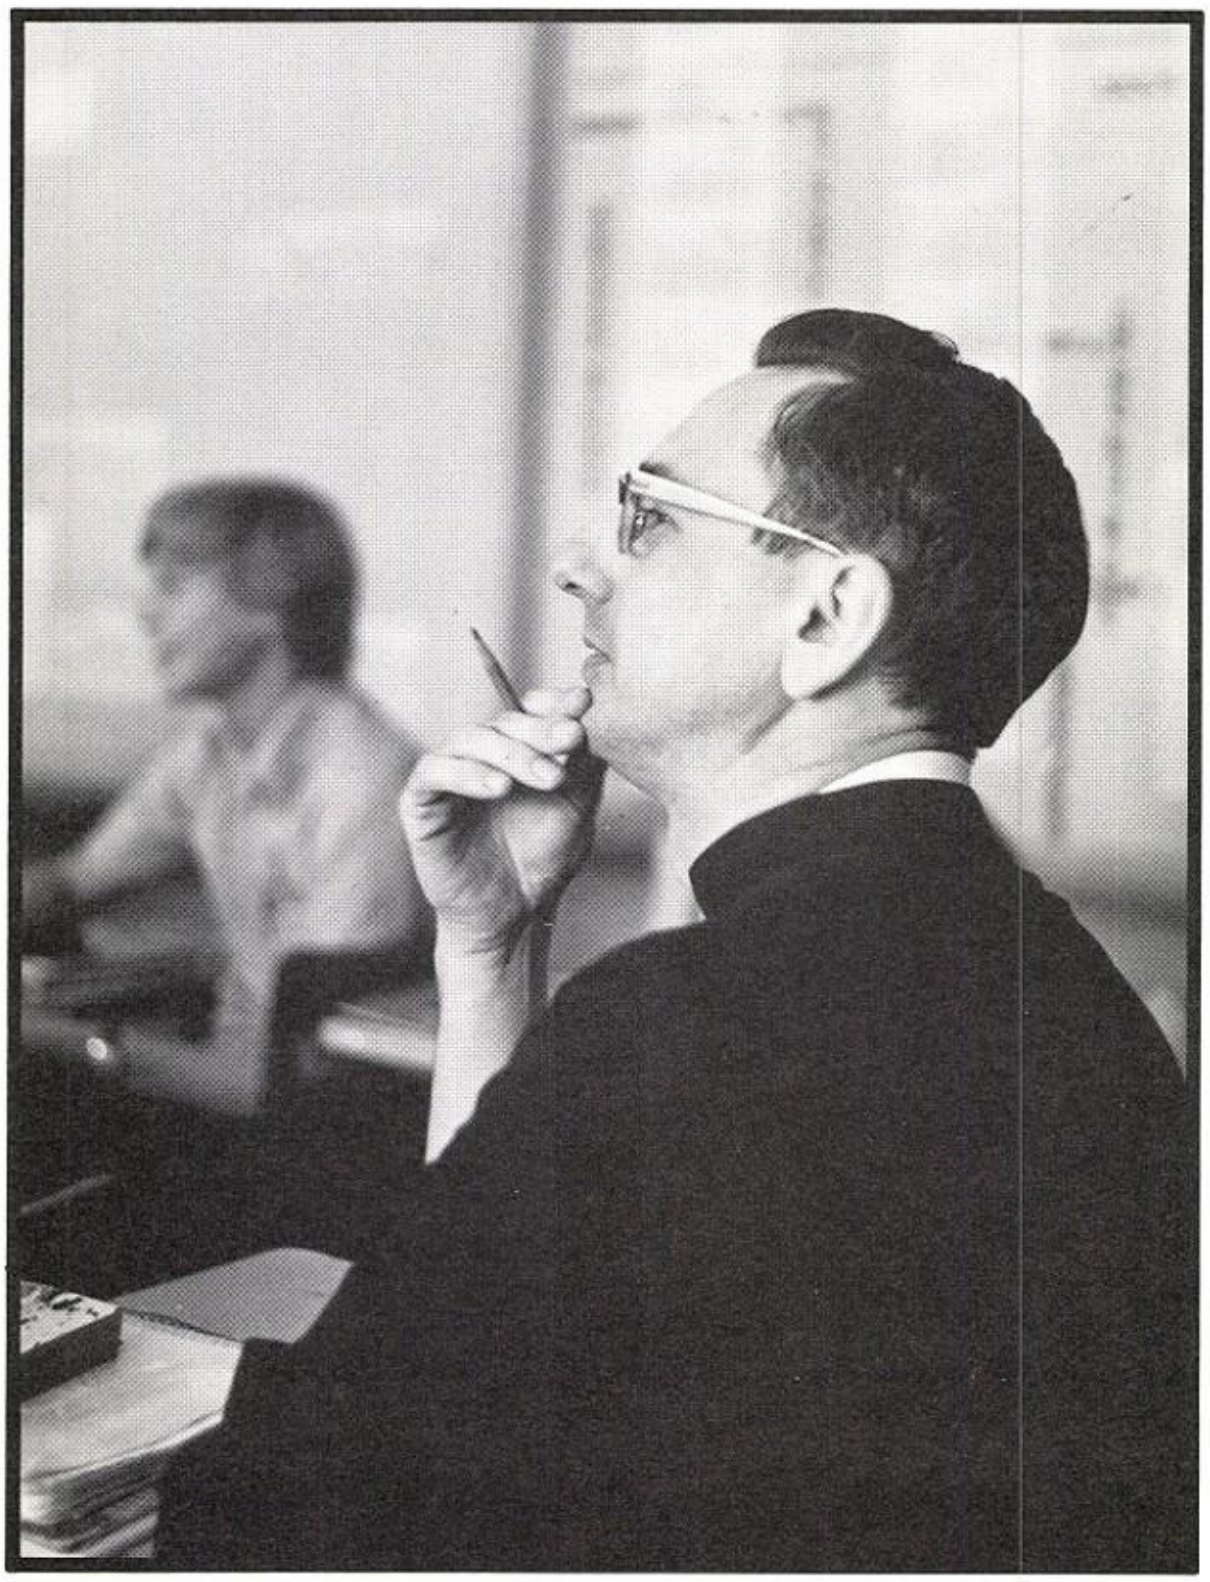
You have a special aptitude for selecting students who are convinced they have no talents, and who have convinced others they have no talents, and turning them into multi-faceted, responsible adults.

It is your supportiveness as opposed to derisiveness, your viable patterning as opposed to hard molding, your perception as opposed to judgment, your respect for us as adults that we thank you for now and will appreciate over the coming years.

You are a teacher like no other. You pushed students to limits, but they were personalized limits. Each reached for his own star. You just made sure that star was neither unreachable nor too easily within grasp.

Sacred Heart will direly miss you, though those who haven't experienced your loving regime will never miss it so sorely for themselves as we will for them. You have been so much responsible for making Sacred Heart the academic success it is.

Sincerely,
The Hundreds of Students
Whom You Have Taught



"The teacher is a prophet. He lays the Foundations of tomorrow. The teacher is an artist. He works with the precious clay of unfolding personality. The teacher is a citizen. He is selected and licensed for the improvement of society. The teacher is a builder. He works with the higher and finer values of civilization. The teacher is a believer. He has an abiding faith in the improvability of the human race."

"Bestow thy youth so that thou mayest have comfort to remember it when it hath forsaken thee, and not sigh and grieve at the account thereof. While thou art young thou wilt think it will never have an end; but the longest day hath its evening, and thou shalt enjoy it but once; it never turns again; use it therefore as the spring-time, which soon departeth, and wherein thou oughtest to plant and sow all provisions for a long life."

BERNIE

To a super guy who is always getting drunk and raising a lot of hell. Remember when we went Christmas caroling and everybody got drunk. I sure did have fun and I hope to have even more fun in the future. Don't get into too much trouble (Ha, Ha) Have fun. To a great football player, good luck in the future.

P.S. It would be fun to go riding around in your car sometime.

Bernie,

You're a really super person, and a talented art student. Never forget those crazy annual staff meetings (Ha!) I really have enjoyed having you as an art student, and I wish you all the best of luck in the future. If you [illegible] still driving by my house after your [illegible] of school, don't hesitate to stop in and say "hi"!

To a very fine athlete who is one of a whole Senior class that made up the best football team Sacred Heart has ever had. We'll don't raise to much hell around town and get to rough. Take it easy and Good Luck in the future.

Bernie,
You're a real sweet guy. And you've given me so much. It's so nice to meet someone who's intrest's I can share. Never forget all of the good times we've had and the wonderful things we've done. Keep hanging around those Gainesville girls and well, who knows. (Nah) Stay sweet and all that jazz and never forget to tell me hi. (Or even hello). Bill too. (K?) I really think you, Bill, and the rest of the guys in your class are the Greatest - and now I'll mention and State ~~Finalists~~ - (You can't win em' all, but yall nearly did!!)

I could write about your great football team, But we all know who's #1. Or, I could tell the world about my times with you - Boy! We sure had fun!!! But we both know about that, so I'll just write something I ought to - and tell everyone - I've never met a guy who's quite as sweet as you -
